## THE MERRY CHRISTMAS COLLECTION

Our 'Merry Christmas' design is a brand new range for 2024, designed and hand-drawn by our in-house designer. The illustration is an ode to the Christmas pudding; a celebration of the humble, the luxury, and the quintessentially British. Pudding-makers patiently collect ingredients from near and far throughout the year, mix with tradition and rituals for good tidings, then celebrate and entertain by serving in flame and eating with the joy or woe of finding hidden superstitious surprises. The Christmas Pudding is the eclectic and eccentric British Christmas delight, baked in a sphere, crowned with holly, and set on fire... Is there anything else quite like it?

Heavy on gold, metallics, and embossing, the design encapsulates the sense of tradition, procession, celebration and, of course, ingredients that we all know and love to be the humble but luxurious Christmas pudding.
