FINCA LA BARCA

Smoke Olive Oil

Our Smoked Olive Oil “Finca La Barca” has been smoked with holm oak wood following the traditional method of the Spanish region of “La Vera”. After 15 days in the “smoking-house”, the Olive Oil obtains a soft and delicate smoky aroma and flavour.

The variety of the olive is “Arbequina”, which provides to the Olive Oil a delicious fruity flavour. All the olives come from our own fields, located in Toledo region.

This special smoked oil has many uses, but it is especially recommended to accompany raw meats and fish (carpaccios, steak tartar ...) or baked, salmorejos, rice, and oil-based sauces such as mayonnaise or mayonnaise.
