Traditional bakery since 1926.
Crafted in Spain.

L A D Y · J O S E P H

Josephine Bernaud baked her exquisite biscuits remembering her childhood in Bordeaux, while using local ingredients.

The fame of her delicious recipes led her to open her Salon du The in 1926 that became a meeting place where travelers stopped to buy her specialties and enjoy them on the route from Haro (Logroño, Spain) to Bordeaux (France).

Our family is still baking the extraordinary recipes and textures in the same way to offer a unique selection of exquisite biscuits and crackers.

Because the meaning of life is enjoying small pleasures with friends and lovers.

*Because life is about
savoring little moments ...
