Chocolate

GIANDUIOTTI:

Whether loose, with an espresso or in their classic bussolotto or treasury box, the identity of our Gianduiotto is a symbol of the Cova brand.

Small chocolate bullion-shaped creations, whose geometrical shape is easily recognizable, **Gianduiotti typically originate from Piedmont**, where their **hazelnuts IGP (corresponding to 30% of the composition)** are grown. Gianduiotti were born as a dedication to Carnival's Turin mask "Gianduja" in 1865: Master Pastry Chefs found the perfect soft and melting-in-the-mouth mix between chocolate and local hazelnuts. One of the longer standing symbols of Cova's tradition, with a very distinctive taste, our Gianduiotti are real **miniatures** of artistic and artisanal **excellence**.

PRALINES:

Our traditional line of pralines is a mastership of artisanal skill: Cova's **pralines appear as small gems**, coated in **milk, dark or white chocolate** and enclosing an ever-changing surprising filling from our Collection, which gets all five senses involved. The ideal chocolate box to pick from: **hazelnuts, almonds, pistachio, orange, torroncino nougat, coconut and coffee**, one for each moment of the day.

A new line of pralines that combines all the modernity of geometric lines and a recipe that releases the uniqueness contained in the high quality raw materials used. A crunchy shell that releases all the meltiness of the filling in three iconic recipes in one bite: such as **white chocolate** shell filled with **pistachio**, **milk chocolate** shell filled with **salted peanut** and **60% dark chocolate** shell filled with **75% mono-origin Tanzania dark chocolate**.

WRAPPED CHOCOLATES:

A classic of all chocolates history, our wrapped chocolates are particularly popular with colorful displays: from our diamonds with hazelnuts, to the more classic quadrotti in all flavours.

Confectionary

The key to a consistent display is colours. And colours work all year round to please the eye of adults and children.

Amongst the most representative products of the past few years we have featured fruits jellies, confectionary being a traditional activity that goes hand in hand with pastry making. This year, we have made an even bigger effort, by perfecting the quality and range of our jellies and, at the same time, coming up with a new colourful and tasteful easy-on-the-go product that can meet the needs of an everyday clientele.

DRAGÉES BON BONS:

Pear, lemon, strawberry and orange: the heart of pure fruit extract is surrounded by a hard shell of chocolate. In essence, a core product in the art of Cova confectionary becomes an even more precious item, a true miniature of excellence in the making. In their green, yellow, pink and orange natural colours, dragées bon bons are the perfect complement to a thematic display and are perfect for on the go contemporary clients who might enjoy a different treat every day.

SUGAR COATED CANDIES:

Small oval-shaped candies made up of the classic peeled Avola almonds, with a thin layer of sugar and natural flavors added to the glaze. **Gluten free.**

FRUIT JELLIES:

Cova's traditional line of square-shaped loose or packed fruit jellies for everyday usage remains part of the offering. **Strawberry, lemon, orange, red berries and green apple** make up the assortment and are a fruity colourful treat.

But this year, an even more intense product research has been pursued, and we are proud to present an **all-natural 100% no-added flavours, pectine-free, hand-cut NEW** premium jelly product. Wrapped to preserve their original consistency, and therefore more consistent and a bit harder, these jewels of confectionary are made of **Strawberry, Apricot, Orange, Raspberry and Sour Cherry**, retracing childhood memories with a core of sugar and a juicy flavour of some amongst the sweetest juices.

Coffee & Tea

COVA'S SIGNATURE COFFEE

«MISCELA TRADIZIONALE»:

Cova's blend is a mixture of 7 types (two types of Santos, Guatemala, Costa Rica, Columbia, Dominican, Republic and Ethiopia) of 100% roasted Arabica coffee premium quality. It is obtained with artisan roasting that respects the meticulous timing to guarantee an excellent result both in the cup and in the aftertaste. Cova's espresso coffee is creamy, elastic, of medium body and consistency, low in bitterness and with a good sweetness.

CAFFÈ «AMERICANO»:

American filtered coffee has a different grinding compared to the ones used for espresso or moka: it is coarser.

The roasting is a bit lighter, in order to have less bitterness and sweeter scents. Coffee is ground and immediately vacuum packed in tins to best preserve the fresh brewed coffee's aromas. Cova's American coffee blend is a mixture of 7 types of 100% arabica coffee: two types of Santos, Guatemala, Costa Rica, Columbia, Dominican Republic and Ethiopia.

COVA'S FINEST «LEAF TEA»:

A selection of the **smallest, finest tea leaves** in loose format stemming from various exotic destinations are presented in a collection of charming tins, evoking a sense of traditional and enchanting style. Flavours: **Earl Grey Imperiale, Darjeeling, Ceylon Orange Pekoe, Royal Breakfast, Special Gunpowder, Lapsang Souchong, Marrakech Mint, Blossom Prestige.**
